Taliban's Deadliest Attack Since 2001 Takes Heavy Toll

The death toll from a Taliban attack on the Afghan army's northern headquarters rose to at least 130 people, a day after militants breached the base hidden in military vehicles.

At the New York March for Science, scientists, professors and Trump supporters shared their views. Photo: Matt McDonald/The Wall Street Journal

Demonstrators Take to the Streets in Support of Science

In more than 500 locations world-wide, tens of thousands gathered to take part in the first "March for Science," part of a movement among researchers and scientists toward increased public activism. 368

March for Science Rallies Around the World

Why Some Scientists Are Embracing Activism

Some say they are inspired to march by a political climate they see as skeptical of science, plus a growing realization that publishing papers isn't the most effective way to communicate with the public. 527

After United Clash, Airport Police Brass Warn Officers to Avoid Feuds

Police agencies that patrol U.S. airports have a message for their rank and file after Chicago officers dragged a United Airlines passenger off a plane: Don't get involved in carriers' civil disputes. 178
