

What's News

Comey Defends Handling of Clinton Email Probe

FBI Director James Comey defended his decision to alert Congress about a reopened investigation into Hillary Clinton's email less than two weeks before the election, but told a Senate panel it made him "mildly nauseous" to think it might have affected voting.

Puerto Rico To Request Bankruptcy Protection

Puerto Rico is requesting bankruptcy protection, Gov. Ricardo Rosselló said, setting up a showdown with Wall Street firms owed billions of dollars in the largest-ever U.S. municipal debt restructuring and further complicating the U.S. territory's efforts to pull itself out of a financial mess.

- Puerto Rico Creditors Sue Over Debt-Cutting Plans

GOP Health-Bill Woes Signal Centrists' Rise

Republicans' latest health-care effort teetered on the brink of collapse in the House, reflecting a new assertiveness by GOP centrists, a group that in recent years has rarely wielded such power.

- Top States for Pre-Existing Conditions Went for Trump

Fed Rate Rise Unlikely, but Possible June Move in Focus

Next to no one expects the Federal Reserve to raise short-term interest rates at the conclusion of their two-day policy meeting Wednesday, but the central bank could send signals about where borrowing costs are headed in the months ahead.

- Global Stocks Edge Lower Ahead of Fed

Revolt Against Sky-High Drug Prices Prompts a Pioneer to Cash Out

Jeffrey Aronin hoped to eventually sell Marathon Pharmaceuticals for billions of dollars, but then the company said it would charge \$89,000 a year for a muscular-dystrophy drug.

Zuckerberg: Facebook Will Beef Up Content Review After Violent Posts

Facebook plans to add 3,000 employees to help review content for graphic or inappropriate material, after the social network came under fire for how it can be used to broadcast murders and other violent videos.

HEARD ON THE STREET
Despite Political Fears, Europe Is Outperforming

Europe, for all its political threats, is quietly surprising some doubters. Data showing economic growth in the eurozone outshining the U.S. in the first quarter should help further.

Business

General Mills Operating Chief to Become CEO

General Mills said Chief Operating Officer Jeff Harmening will become its next chief executive, completing a transition plan set in motion last year.

Rising Rates May Trip Oil Companies

U.S. oil companies have proven remarkably resilient even during a prolonged season of lower oil prices, but rising interest rates could limit their growth.

China to Start Security Checks on Technology Companies in June

China will launch new security reviews on foreign and domestic technology suppliers starting June 1, implementing a key element of its new cybersecurity law aimed at tightening state control over technology and information.

Trump Administration Names Acting Comptroller of the Currency

The Trump administration announced its intention to replace Comptroller Thomas Curry as the top U.S. national banking regulator later this week.

Investors Pull Almost \$7 Billion From Hedge Fund Giant in Four Months

Investors pulled nearly \$7 billion from Och-Ziff Capital Management Group, the largest publicly traded hedge-fund firm in the U.S., in the first four months of 2017, the latest sign of investor disillusionment with Wall Street's most prominent money managers.

Medical Examiners Skip Some Autopsies Amid Opioid Crisis

Medical examiners across the U.S. are skipping some autopsies and pleading for funds to hire more staff as they struggle to keep pace with the mounting death toll from fatal opioid overdoses.

CDC Finds Bacteria for Legionnaires' Disease in Cooling Towers Across U.S.

A new study offers potential clues about a link between Legionnaires' disease and cooling towers, the equipment that expels waste heat from buildings' air conditioning or other systems.

U.S. Service-Sector Activity Accelerated in April

Economic activity across the U.S. service sector accelerated in April, a sign of solid momentum heading into the second quarter.
