What's News

WSJ's tax reporter Richard Rubin has three key takeaways from President Trump's plan. Photo: European Pressphoto Agency

Trump's Deep Tax Cuts Face Hurdles in Congress

President Trump's tax proposal calls for deep reductions in business tax rates and major changes to the individual tax system. But the plan faces a narrow path to victory through Congress. 2845

Wall Street's New Problem: When Fund Titans Invest on the Side

By putting some of their wealth in private 'family offices' and other personal investment vehicles, some billionaire managers of private-equity and hedge funds are dividing their time, duplicating strategies and creating potential conflicts of interest.

From Diapers to Soda, Big Brands Feel Pinch as Consumers Pull Back

Slowed spending cut into results for Procter & Gamble, PepsiCo and Nestlé, and executives blame a range of factors including higher gas prices, bad weather and a growing affinity for beards.

The Hedge Fund Manager Who's Shorting America's Malls

Eric Yip, who grew up working weekends in shopping centers, is betting on their pain using an obscure index linked to bonds backed by commercial mortgages. He has lined up against some heavyweights on the other side of the trade.

Former Fox TV Chief Leads Race to Run Sony Film, TV Unit

Sony is narrowing its focus on former Fox television chief Tony Vinciguerra as the next head of its film and television studio, people with knowledge of the talks said.

American Airlines to Raise Pay for Pilots, Flight Attendants

American Airlines Group Inc. wants to raise pay for its pilots and flight attendants to keep up with its rivals.

Twitter Revenue Declines for First Time Since IPO

Twitter said nine million new monthly-active users joined its network in the first quarter but revenue fell for the first time since the company went public.

Online, Under Armour Spreads Itself Thin

New research published this month shows Under Armour is selling many items, particularly premium footwear like its Steph Curry basketball shoes, at multiple retailers, a level of overlap that could push prices lower and confuse shoppers in an already competitive market.
