Why Investors Are Losing Confidence in and Oil Comeback

By Nick Cunningham, The Fiscal Times

Oil prices took another dip on Monday, and with WTI down to \$49 per barrel, crude oil has given up most of the gains that it had made so far this month, taking prices down to their lowest levels...

Why Pro-Business Republicans May Not Embrace Trump's Massive Tax Cut

By Rob Garver

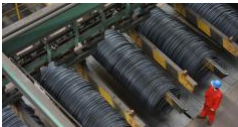

The chaotic swirl of proposals and demands coming from the Trump White House as the administration approaches its 100th day grew even more confused late Monday, when the president appeared to back...

The 15 Best and Worst States for Government Spending on Children

By Eric Pianin

It's no secret that spending on public education, health care and social services has varied from state to state for years, depending on differences in their economies, tax structures, populations...

Critics Say Trump's Steel Protectionism Is Pointless. It's Not

By David Dayen

Thousands of steel jobs aren't as much the point here as it is the millions of other jobs dependent on a trade system with a level playing field.

Why Lower Used-Car Prices Could Be Bad News for the Economy

By Rebecca Ungarino, CNBC

Used-car prices are sliding, and some warn that this trend could have sharply negative effects on both relevant stocks and on the economy as a whole. "This is a credit bubble in autos that is very...
