Trump's Commerce Secretary: Here's Why We Can't Hit 3% Growth This Year

By Rob Garver

President Trump made a lot of grandiose promises during his campaign, most of which he is struggling to fulfill, if he hasn't abandoned them already. But now, another campaign trail vow -- that Trump...

Why Wall Street Doesn't Care About Chaos in the Trump Administration

By Jeff Cox, CNBC

President Donald Trump tweets something flattering about a foreign dictator, the market shrugs. He bombs Syria, the market shrugs. Major legislation gets blown up in Congress, the market shrugs. No...

The Internet of Things in the Workplace: Today and the Future

By Aruba, a Hewlett Packard Enterprise company

By 2019, 93% of enterprises will have adopted the Internet of Things (IoT) technology and 77% believe it will allow them to transform offices into...

The Government Spent About \$4 Trillion Last Year. How Much Went to Your State?

By Yuval Rosenberg

The federal government spent \$3.85 trillion last year. Where did that money go? The Treasury Department today launched a new website that it says will help taxpayers find out. The new site, created...

Japan Leads the Way on the Treatment of Alzheimer's

By Michael Hodin, The Fiscal Times

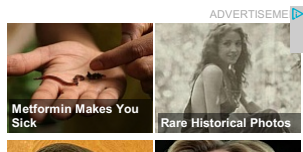

Many Japanese see their country as the first "super-aged" society. And it's not just leaders in government, business and academia, but the general population as well.

5 Green Energy Technologies That Could Change the World

By Zainab Calcuttawala, Oilprice.com

Innovations in energy storage, smart grid, and electricity generation technologies will affect every part of the source-to-consumer supply chain for powering the planet. Energy storage tech improves...

Picture of the Day

May 9, 2017

The U.S. Airforce's X-37B Orbital Test Vehicle mission 4 after landing at NASA's Kennedy Space Center Shuttle Landing Facility in Cape Canaveral, Florida, U.S., May 7, 2017. U.S.

How Much Further Can the Unemployment Rate Drop?

By Jeff Spross, TheWeek.com

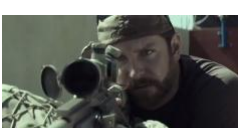

How low can unemployment go? It's a question Americans are no doubt excited to see answered. And the latest jobs report showed the unemployment rate falling from 4.5 percent in March to 4.4 percent...

3 Government Programs That Are Dangerously in the Red

By Eric Pianin

The Government Accountability Office says there are major programs receiving scant attention that are draining the Treasury and that could pose long-term challenges to the nation's fiscal stability.

Why the Army Thinks It Needs a Bigger Bullet

By Ciro Scotti

Since current warfare frequently involves combat beyond about 330 yards -- that longer than three football fields -- the Army is looking at arming soldiers with ammunition that is lethal at a longer...

Economists Agree: Trump's Tax Cuts Won't Pay for Themselves

By Yuval Rosenberg

A recent survey by the University of Chicago's Booth School of Business shows that economists disagree with Treasury Secretary Steven Mnuchin's claim that the nascent Trump tax plan "will pay for...

Remember the Fiscal Cliff? Why the One Coming This Year Could Be Even Worse

By Yuval Rosenberg

Remember the fiscal cliff? We may get a replay of that budget brinkmanship this fall -- only worse.
