Pentagon Opens Probe Into Flynn's Foreign Payments

The Pentagon's internal watchdog has opened an investigation into whether former national security adviser Michael Flynn violated the law by taking payments linked to foreign governments after leaving the military. 112

Trump's Tax Cuts Face Narrow Path Through Congress

President Trump's tax proposal calls for deep reductions in business tax rates and major changes to the individual tax system. But the plan faces a narrow path to victory through Congress. 3351

Under Armour Posts Its First Ever Loss

Under Armour posted its first ever quarterly loss as a public company, as its top line suffered from sluggish performance in key North American business.

President Trump's unpredictable policies have sent the U.S. dollar on a roller-coaster ride throughout his first 100 days.

TRUMP'S FIRST 100 DAYS

What Presidency's Start Tells Us About the Path Forward

History suggests that the report card of President Trump's first 100 days means less than what he has learned and what kinds of adjustments he makes, Gerald F. Seib writes.

Ford's Profit Falls 35%

Ford's first-quarter net income fell 35%, but results beat Wall Street expectations, sending the stock price up.

Barnes & Noble Names Its Fifth CEO in Four Years

Barnes & Noble Inc. named Demos Parneros as its new chief executive, making him the fifth leader in four years to be tasked with turning around the bookseller's fortunes.

Nokia, Once a Phone Champ, Turns to Bathroom Scales

Nokia, once the world's undisputed cellphone superpower, is attempting a consumer-electronics comeback. Believing its consumer brand still carries cachet, Nokia is jumping back into the gadgets business.

How a CEO Made Millions From a Sinking Ship

When stocks rose after last year's election, DryShips left the market far behind, with its shares rallying 1,500% for no apparent reason. The rally quickly unwound, but the run-up appears to have made possible a flurry of financial maneuvers that may earn the company's founder a huge windfall.

Markets

Oil Prices Fall After Mixed U.S. Inventory Data

Oil prices fell to a one-month low Thursday amid mixed U.S. inventory data and increasing concerns that a supply action by major producers may not be sufficient to clear a global surplus.

Oil Shortage Feared by 2020 as Discoveries Fall to Low

Global oil discoveries fell to a record low in 2016, the International Energy Agency says, raising fresh concerns about the potential for a petroleum-supply shortage. 62

Behind the 2017 Bond-Market Rally

The yield on the benchmark 10-year Treasury note remains stubbornly low, challenging expectations that President Donald Trump would help end an era of low rates that has persisted since the financial crisis.

Deutsche Bank Woos Back Clients After Torrid Year

Deutsche Bank made progress winning back clients who fled over capital concerns as it recovered from a turbulent 2016, but first-quarter profit was muted by debt-trading revenue that lagged behind peers.
